EvExpo Delhi 2024

20, 21 & 22 December, 2024

About Us

EvExpo 2024 is the 21st eco- friendly Electric Vehicles Expo in India & will be held in Delhi offering comprehensive market information, great business opportunities and a platform for networking.

EvExpo 2024 brings to the Electric Vehicle industry the opportunity to showcase, see and understand the latest in electric vehicle, components and services for convenient and environment friendly transportation of passengers and goods. The expo ensures that the right national and international players exhibit their technology and products to the right audience- the owners & operators, the manufacturers & traders.

At EVExpo, we pride ourselves on being more than just an exhibition. We are a community-driven initiative that brings together manufacturers, developers, policy-makers, and consumers under one roof. Our events serve as a melting pot of ideas, fostering collaboration and dialogue to drive positive change in the world of electric vehicles.

EvExpo 2024 is the only expo dedicated to electric vehicle industry in India. "End mile connectivity" and "Environment Friendly" are the key to Electric vehicle industry.

EvExpo 2024 is an exhibition promoting electric vehicles, will help creating an important ecosystem for exhibitors, buyers, global leaders, opinion makers & media. The event aims to enhance awareness about segments like electric battery rickshaw, batteries, motors, components & accessories. This platform will act as a bridge for exchange of ideas, discussions, display of ideas & negotiations for all participants & attendees.

Join Us in Shaping the Future

Whether you are an electric vehicle enthusiast, a curious consumer, or a business professional looking to stay ahead in the industry, EVExpo is the place to be. Together, let's pave the way for a greener, cleaner, and more sustainable future through the power of electric mobility.

Let's Drive Change. Let's Go Electric. Welcome to EVExpo!
